

The Cantos Car Company of California is proud to announce the construction and delivery of six "new" PCC units. Five of the units are now in service on the Progressive Transit Company of Richmond, Ind. and a single unit is now operating on the Lombard Local Lines in the City of Lombard, Ill.

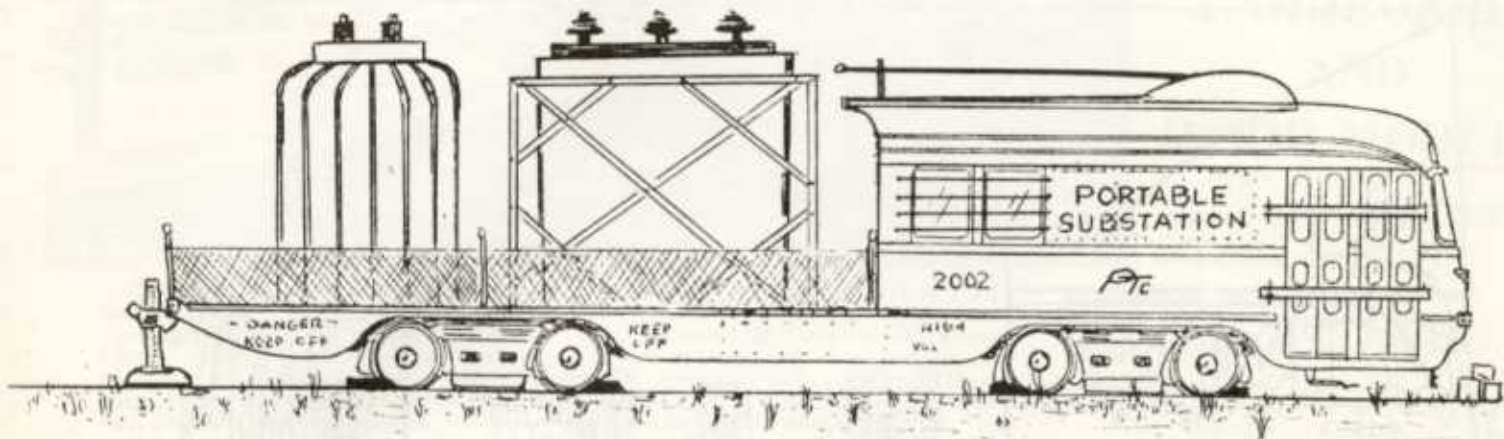

PTC #MO12 — Differential Dump Car

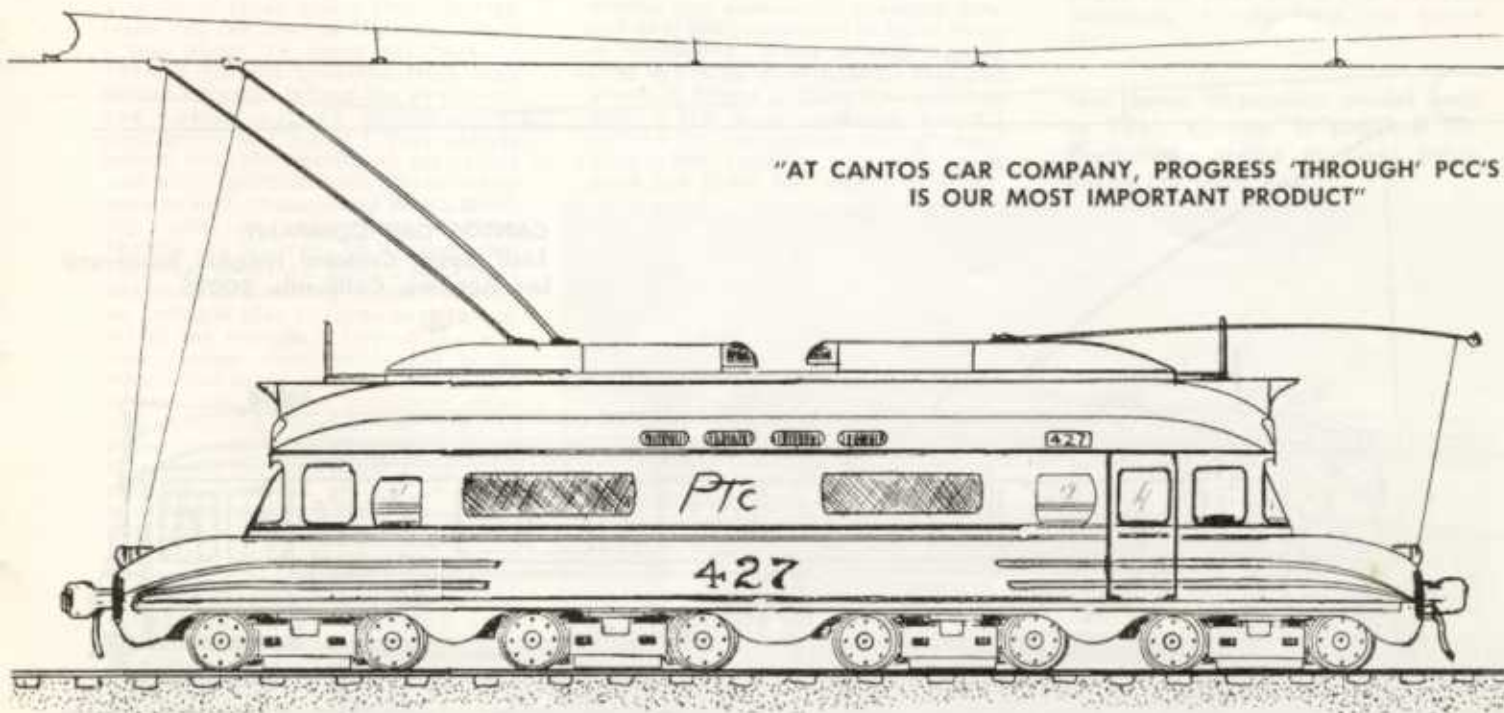

PTC # .02 — Sight Seeing Car

The five Progressive Transit Co. units were designed by that company's President, Mr. Frank Summers. Mr. Charles (Chuck) Happel, Operating Super. for the Lombard Local Lines designed the PCC Snow Sweeper.

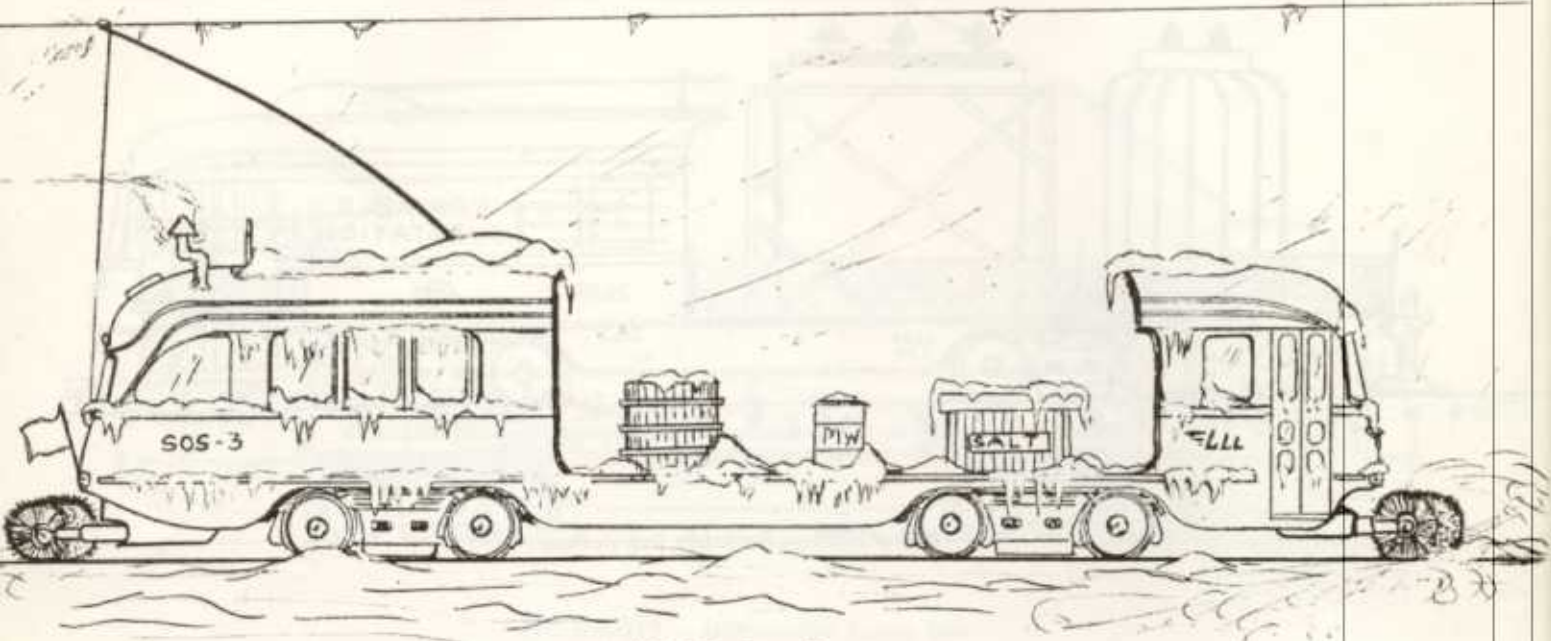

PTC #2002 — Portable Substation

"AT CANTOS CAR COMPANY, PROGRESS THROUGH PCC'S  
IS OUR MOST IMPORTANT PRODUCT"

PTC #427 — PCC Locomotive

Mr. Frank Summers and Mr. Charles Happel are now official Cantos Car Co. "regional car designers." Other "Traction & Models" readers wishing to join the "regional car designers" staff, should send rough drawings direct to the Cantos Car Co.
